## **What's Inside**

Clinical Anesthesia Procedures of the Massachusetts General Hospital is divided into eight sections, each of which covers a different aspect of anesthesia practice.

- **Section 1: Basic Principles of Anesthesia**

This section provides an overview of the basic principles of anesthesia, including physiology, pharmacology, and monitoring. It is essential reading for anyone new to the field of anesthesia.

- **Section 2: Airway Management**

This section covers all aspects of airway management, from basic airway anatomy to advanced airway techniques. It is essential reading for any anesthesiologist who performs airway procedures.

- **Section 3: Intravenous Anesthesia**

This section covers the use of intravenous anesthetics, including propofol, fentanyl, and ketamine. It is essential reading for any anesthesiologist who uses intravenous anesthetics.

- **Section 4: Inhalational Anesthesia**

This section covers the use of inhalational anesthetics, including sevoflurane, desflurane, and isoflurane. It is essential reading for any anesthesiologist who uses inhalational anesthetics.

- **Section 5: Regional Anesthesia**

This section covers the use of regional anesthesia techniques, including spinal anesthesia, epidural anesthesia, and nerve blocks. It is essential reading for any anesthesiologist who performs regional anesthesia procedures.

- **Section 6: Pediatric Anesthesia**

This section covers the special considerations for anesthesia in children. It is essential reading for any anesthesiologist who works with pediatric patients.

- **Section 7: Obstetric Anesthesia**

This section covers the special considerations for anesthesia in pregnant women. It is essential reading for any anesthesiologist who works with obstetric patients.

- **Section 8: Anesthesia for Emergencies**

This section covers the management of anesthesia emergencies, including cardiac arrest, respiratory arrest, and malignant hyperthermia. It is essential reading for any anesthesiologist who may encounter an anesthesia emergency.
