For centuries, these monsters have been the stuff of legend, whispered about by sailors and fishermen alike. But now, a group of young explorers is about to discover that the legends are true.

Led by the intrepid Captain Jack, the crew of the Sea Serpent sets out on a perilous journey to find the lost city of Atlantis. But their adventure soon takes a sinister turn when they are attacked by a monstrous kraken.

The Sea Serpent is no match for the kraken's immense power, and the crew is forced to abandon ship. They find themselves stranded on a desolate island, with no way to escape.

But all is not lost. The explorers soon discover that the island is home to a hidden civilization, a civilization that possesses the knowledge to defeat the kraken.

With the help of the islanders, the explorers learn to harness the power of the skeleton keys, ancient artifacts that can control the monsters of the sea.

Now, armed with the skeleton keys, the explorers must face the kraken once again. But this time, they are prepared.
