Peter became Tsar of Russia in 1682 at the age of ten. He was initially co-ruler with his half-brother, Ivan V, but he soon became the sole ruler. Peter was determined to modernize Russia, and he embarked on a series of reforms.

Peter's reforms included the of Western technology, the establishment of a regular army and navy, and the creation of a new system of government.

He also founded the city of St. Petersburg, which became the new capital of Russia.

Peter the Great's reforms were not always popular, but they ultimately transformed Russia into a major European power. Peter died in 1725 at the age of 52, but his legacy continues to this day.
